

- Previous PEIR & PEIR SIR Assessment Boundary
- Cable route alternatives and modifications**
- New areas of affected land
- Construction access
- Works connecting Work No. 13 to National Grid substation
- Bolney substation extension and associated construction works
- Temporary compound for Bolney substation extension works

**NOTES:**

- i. where an area is proposed to be used for more than one type of works (other than an access associated with an alternative cable route option), the affected areas are shown with all relevant colours or markings to reflect the multiple work types which may be carried out in the area.
- ii. any areas within PEIR & PEIR SIR subject to a change of use are shown shaded on these plans with the revised works description.

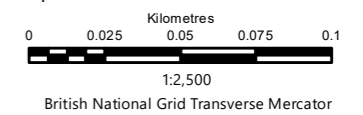

**DISCLAIMER:**

This is an independent set of works plans for the further statutory consultation. The descriptions of the works should be read from the Index Plan of these targeted onshore consultation works plans, rather than the existing draft Development Consent Order text first published in July 2021 for our previous statutory consultation.

Due to scaling, some narrow areas (i.e. existing tracks) within the red line boundary may appear as a single/solid red line on the map.

Scale when printed at A3 size is 1:2,500
